2013 DEMERSAL SHELF ROCKFISH FISHERY ANNOUNCEMENT

Sitka. . . The Alaska Department of Fish and Game (department) announced today the directed fishery for demersal shelf rockfish (DSR) will close in the Central Southeast Outside (CSEO) Section at 11:59 p.m. on Thursday, February 7, 2013. The allocation for the directed DSR fishery in CSEO is 86,877 round lb (39.4 mt). Over 36,000 round lb have been landed in the fishery. It is estimated that vessels currently participating in the fishery will take the remainder of the allocation by the time of the closure.

The directed DSR fishery remains open in the East Yakutat (EYKT) and Southern Southeast Outside (SSEO) Sections and the Northern Southeast Inside (NSEI) and Southern Southeast Inside (SSEI) Subdistricts. These areas will remain open until allocations are taken or until 4:00 p.m. on March 22, 2013, whichever occurs first. Catch and effort will be closely monitored and area closures may occur on short notice. Closures will be announced by news release and on the United States Coast Guard "Notice to Mariners" report and the National Weather Service broadcast. Updates of area closures will also be available on the Groundfish Hotline at (907) 747-4882.

For additional information regarding the 2013 directed DSR fishery, refer to the department news releases issued on December 21, 2012 and January 25, 2013.

The Emergency Order corresponding with this announcement is EO 1G0613.
